Anniversary of the Outbreak of Sino-Japanese Hostilities in Shanghai - January 28, 1935.

Apart from the following minor incidents, the above anniversary passed off quietly in the International Settlement, French concession and Chinese controlled territory :-

At 6.45 p.m. a number of Chinese of the student type gathered on Carter Road outside the Carter Cinema. After letting off a cracker, they commenced distributing communist leaflets and shouting anti-Japanese slogans. However, upon the approach of the Police, they dispersed. Two suspects were brought to Sinza Station for investigation but were later released owing to lack of evidence.

At 7.15 p.m. a quantity of communist handbills bearing on the anniversary was thrown from the Wing On Building onto Nanking Road. These circulars purport to have emanated from the "League of Chinese Communism," an organ of the Trotsky Clique.

Summarized translation of a communist handbill dated January, 1935, and entitled "Manifesto in commemoration of the 3rd anniversary of the January 28 Incident", purporting to have emanated from the "China Revolutionary Educationists' League".

To labourers, peasants, students, soldiers and the toiling masses!

The anniversary of the January 28 Incident is approaching again. It is the most glorious act in the history of struggles against the imperialists of the toiling masses in semi-colonized China. It reveals the unanimous determination of thousands of toiling masses to put up anti-Japanese campaign, and has also made known the unquestionable surrender of the Nanking Government to the imperialists.

Labourers, peasants, students, soldiers and the toiling masses! It is three years since the outbreak of the January 28 Incident. During these three years our brethren in the four provinces in the North-East have been groaning under the oppression of the Japanese imperialists who treated them like slaves. The entire North-East has been sold by the Nanking Government to the Japanese imperialists. With the object of securing the sympathy and understanding of other imperialistic Powers, the Japanese have recently made energetic efforts to occupy Charhar for use as a base to attack the Soviet Union. Meanwhile, the British, French and American imperialists are devising means to effect the partition and control of the economic welfare of China.

Labourers, peasants, students, soldiers and the toiling masses! Soviet Union is the motherland of all the toiling masses throughout the world, and Soviet China is the only political organization able to effect the emancipation of the Chinese toiling masses. In order to effectively commemorate this grand anniversary - the January 28 Incident - we should energetically rise up and shout the following :-

1. Down with the Japanese imperialists!
2. Recover the lost territory in the North-East!
3. Down with the Nanking Government which has betrayed the January 28 national war.

4. Support the Soviet Union!

5. Support the westward advance of the Red Armies!

6. Support the people's revolutionary armies in the North-East!

7. Support the vanguards of the Red Armies to proceed to the North to resist Japan!

8. Join the People's Armed Self-Defence Committee!

Summarized translation of a communist handbill entitled "Letter to Workers in Shanghai in commemoration of the January 28 Incident," purporting to have emanated from the Propaganda Department of the Western District Committee of the Chinese Communist Party.

Workers throughout Shanghai! The anniversary of the January 28 Incident is approaching again. It is three years since our brethren in the Chapei war devastated areas were oppressed at random and bombarded ceaselessly by the Japanese robbers. Such a tremendous calamity is pitiable to all.

The situation in China has reached a critical stage and the only course open to us is to strive hard for the salvation of the nation. It is a fallacy to believe that the Nanking Government will offer resistance to the Japanese. Chiang Kai-shek only increases the hardships of the people. He has oppressed the masses and levied heavy taxes on farmers. Consequently the people can hardly maintain their livelihood. They can secure emancipation only by joining the Chinese Soviets. As regards Manchuria, it can be restored by nobody else other than the Red Armies and the armed forces of the toiling masses. Let us rise up and fight against the traitorous Kuomintang, and other reactionary "running dogs" and drive out the Japanese imperialists from China. Thus will the Chinese people reach the path to emancipation and true happiness.

Western District Committee
of the
Chinese Communist Party.

Translation of 5 leaflets containing the following slogans:-

1. Commemorate the January 28 Incident by demanding the Japanese Authorities to make good the losses in the war devastated areas and by supporting the Northern Anti-Japanese Expedition of the Red Armies!
2. Commemorate the January 28 Incident by driving the Japanese dwarfs out of China and by confiscating and selling Japanese goods, the proceeds of which to be utilized to succor unemployed workers and refugees!
3. Commemorate the January 28 Incident by denouncing Chinese traitors who secretly deal in Japanese goods and by launching a boycott campaign of Japanese goods throughout the country.
4. Commemorate the January 28 Incident by overthrowing the Japanese imperialists and all other imperialists, and by confiscating the properties of Japanese capitalists and Chinese traitors for use in the anti-Japanese campaign!
5. Commemorate the January 28 Incident by arming ourselves voluntarily and proceeding to the North to resist Japan, by recovering the lost territory and by overthrowing the betrayer Chiang Kai Shek who is obstructing the anti-Japanese campaign!

Political demonstration on Carter Road
at 6.5 p.m. 28/1/35.

At 6.5 p.m. 28/1/35, C.D.C. 326 on duty Carter Sinza Roads corner phoned to the station the information that a crowd of demonstrators had assembled outside the Carter Road Cinema.

Inspector Bishop, C.I.D. Tsze Ka Wai and Chung and a party of detectives and C.D.C.s immediately proceeded to the scene in the Riding Van whilst S.I. Woolley took the M/Cycle.

The party in the Riding Van, on arrival outside the Carter Road Cinema were met by C.D.C. 326 who stated that one of the crowd had thrown pamphlets (7 of which he secured) and the crowd had moved East along Sinza Road. This route was followed by the party in the Van and at a point on Sinza Road between Wyburgh and Park Roads the density of the pedestrians walking East on both pathways indicated that this was the crowd. No disturbance was in progress and no shouting was heard.

The Van was driven past the suspected pedestrians and the Police party turned out and worked back on the crowds conducting a search of persons for pamphlets etc. Nothing however was found.

S.I. Woolley who had taken the M/Cycle, first came upon the crowd at Chengtu Sinza Road Corner and had followed them along Sinza Road and during the searching

activities of the Riding Club party caused two arrests to be made on the suspicion that they were agitators. The two men arrested were

(1) Mei Chien Pau (梅建寶) alias Mei Pau Chien (梅寶建), age 27, native of Canton,

(2) Whang Yoe Zai (黃易才), age 22, native of Canton.

Both were in foreign dress and both spoke only Cantonese dialect.

Sgt. Woolley stated that he had, whilst following the crowd, observed one man shouting and that during the search, he saw C.P.S. 110 holding Mei Chien Pau whom he identified as that man and ordered his arrest. Whang Yoe Zai who was with him at the time was also arrested.

On being brought to the station both were searched but nothing in anyway incriminating was found.

D.S. Macadie and Clerk Chao Shih Chow of the Special Branch attended and the two were separately questioned re their association and connections.

Mei Chien Pau stated he had arrived from Canton one week ago and had gone to his friends (Whang Yoe Zai's) house, 227 Route Herve de Sieyes and had lived with him since. His object in coming to Shanghai was to obtain employment at the Shanghai College or the Futan College but as yet had not approached either institution. He stated he first knew Whang Yoe Zai in Canton about 2 years ago.

No. 24/75 [illegible]

1 (Ch. 17)

His activities for today concerned staying in the room all day and leaving with Chang Yoe Zai at about 5 p.m. to go to the [illegible] Road Cinema there, on their arrival they changed their minds and decided to walk to Dun Curlo and thence by bus via Ginza Road. On the way they were overtaken in a crowd and the next he knew was the approach of the police and his arrest. He denied shouting anything at all.

Whang Yoe Zai corroborated the above story in the main but certain discrepancies on small points caused suspicions to be aroused and interrogation continued. He further stated he was employed by Chung Wha News Agency, Hankow Honan Road Corner. (This was later verified in that he had worked there for the past 7 months but had been absent, sick, for the past 7 weeks).

Interrogation and cross questioning was continued at length but nothing incriminating could be elicited.

At 10 p.m. with assistance of French Police Whang Yoe Zai was taken to his room at 223 Route Herve de Sieyes but a search revealed nothing of a political nature whatever. The chief tenant Chow Hai Kee identified Whang Yoe Zai as the occupant of the room and stated he had occupied same since 30/12/74. It was noted however that there was little or no evidence of the fact that Mei Chien Pau resided with Whangh Yoe Zai and on the

Return to the station both were further interrogated on this point. It appears that Lei Chien Pau has practically no personal effects other than what he wears and nothing further was learnt from this further interrogation.

As there was no evidence of any political activities of these two and the only evidence of their participation in the demonstration was that of S.T. Woolley, who could not say what was shouted and whose identification of Lei Chien Pau was made some little time after he had witnessed the person shouting, it was decided to release them both.

On their release at 1P.40 a.m. 29/1/35 they took a hire car and C.D.C. 97 unknown to them, occupied the seat as 2nd chauffeur and later reported that both entered the address 223 E on Li ( ) Route Herve de Sieyes.

JANUARY 28 - ANNIVERSARY OF COMMENCEMENT OF SINO-JAPANESE HOSTILITIES AT SHANGHAI

- Observance by Communists

Apart from the following minor incidents, the above anniversary passed off quietly in the International Settlement, French Concession and Chinese controlled territory:-

At 6.45 p.m. a number of Chinese of the student type gathered on Carter Road outside the Carter Cinema where, after firing off a cracker, they commenced distributing communist leaflets and shouting anti-Japanese slogans. Upon the approach of the Police, however, they dispersed. Two suspects were brought to Sinza Station for investigation but were later released owing to lack of evidence.

At 7.15 p.m. a quantity of communist handbills bearing on the anniversary was thrown from the Wing On Building onto Nanking Road. These circulars purport to have emanated from the "League of Chinese Communism," an organ of the Trotsky Clique.

MAYOR WU'S IMPORTANT REPORT ON THE ANNIVERSARY OF THE JANUARY 28 INCIDENT

D6451

At the meeting to commemorate the January 28 Incident held by the Shanghai City Government at 9.30 a.m. yesterday, Mayor Wu Te Chen made a report, a summarized translation of which is as follows:-

"The situation in Shanghai during the past three years, since the January 28 Incident, has become somewhat normal and many improvements have been introduced. In the first year after the war, the rehabilitation of the district was energetically carried out with the assistance of local citizens. In the second year, the construction of the City Government was completed and all work for the construction and prosperity of the Civic Centre was taken in hand. Last year was the third year; it was known as the civic construction year. The City Library, the gymnasium, the athletic field, the museum and the district hospital were completed. This year is the 4th year and attention will be paid to social undertakings. There are many other matters to be considered, but as our financial resources are limited, only a number of comparatively important works will be proceeded with.

"Foremost of these works is the construction of 3,000 common dwelling houses for the accommodation of poor people. At present, large numbers of these people are living in huts; some appear to be living underground. We should endeavour to rescue them from this hell. Next in importance comes the question of the treatment of riesha coolies whose condition is most miserable. They have to run about under the hot sun in summer and over snow covered roads in winter. The first step will be for the Shanghai City Government to take over a number of rieshas and make the City Government and riesha coolies operate these vehicles as joint owners so that later on the riesha coolies may become owners of these vehicles.

"Development of education among the peasants will be promoted by establishing primary schools in villages, one at each village."

JANUARY 28 - ANNIVERSARY OF COMMENCEMENT OF SINO-JAPANESE HOSTILITIES AT SHANGHAI

- Possible Observance by Communists

There are no indications that local communist adherents will observe this anniversary beyond a possible surreptitious dissemination of leaflets. Additional information coming to hand will be circulated through C.C.R..

- Commemoration by Kuomintang and other bodies

It is learned that the local Kuomintang has received a confidential instruction from the Central Tangpu drawing attention to the critical situation in Eastern Chahar and ordering the elimination of anti-Japanese propaganda so as to avoid aggravating the situation.

In consequence, the local Kuomintang will confine the commemoration to a simple gathering in the Chinese Young Men's Lecturing Group Building, Small West Gate, at 10 a.m. when only a limited number of written posters bearing on the occasion will be exhibited in the meeting hall.

The local Tangpu will also insert an advertisement in the Chinese press on January 27, instructing local public bodies to hoist flags at half mast and the local public to stop entertainment of any description.

As on previous occasions, Kuomintang members as well as Government officials will wear black armlets.
